Jackson Memorial Hospital offers services ranging from routine care to rare, life-saving procedures, specializing among others, in High Risk OB/GYN, Trauma/Critical Care, Pediatric Cardiovascular Services, and Neurology. Jackson Memorial Hospital has been ranked as one of America's best hospitals by *U.S. News & World Report* since they began in 1993, and was awarded the 2009 Editor-in-Chief Award for Best Medical Support for Passengers & Crew by *Porthole Cruise Magazine*.

As the southernmost Level 1 adult and pediatric trauma center in the United States, Jackson Memorial Hospital is less than three hours from anywhere in the Caribbean. It is an award-winning tertiary/quaternary hospital and the only trauma center in South Florida that is designated a Level 1 for both adults and children. Level 1 is the most comprehensive designation a trauma facility can receive.

#### **Services Offered to International Patients**

- 24-hour International Coordinator hotline: 305/355-1212
- 24-hour patient Hospitality Coordinators who assist patients and their families with non-medical needs ranging from transportation and lodging to directions and translation services
- 24-hour International Patient Center that serves as an oasis for all international patients and their families; it is staffed 24 hours a day with Hospitality Coordinators ready to deliver superior concierge services

# Our Facilities

## Jackson Memorial Hospital

The centerpiece of a \$2 billion health system that has been providing the best in medical care for over 90 years. With 1,558 beds on the main campus and 581 beds between the North and South community campuses, Jackson is one of the largest and most comprehensive public teaching hospitals in the United States.

## Jackson North Medical Center

A 382-bed acute care center located in North Miami Beach. The center offers a variety of services including 24-hour adult and pediatric emergency care, maternity, orthopedics, surgery, psychiatry and rehabilitation. Jackson North is also home to specialized centers including the Weight-Loss Surgery Center, Wound Care Center, Center for Mental Health and the Pain & Spine Institute.

## Jackson South Community Hospital

A 199-bed acute care hospital designed specifically for the patient's comfort and convenience, Jackson South has state-of-the-art technology and leading-edge treatments and services such as the Comprehensive Breast Center and the Urology Center of Excellence. The hospital is staffed by nationally respected, board-certified physicians and healthcare professionals who practice a wide array of specialties and subspecialties.

## Ryder Trauma Center

With more than 4,500 patients per year, Ryder is one of the busiest trauma centers in the nation. The team of trauma surgeons and specialists are available 24 hours a day along with burn, vascular, cardiothoracic, orthopedic, neurological, and pediatric specialists. Continuous availability of life-saving medical care gives the patient the highest possible chance for survival and recovery.

## Holtz Children's Hospital

Holtz Children's Hospital is one of the largest children's hospitals in the southeast United States and is known worldwide for its team of pediatric specialists. Cardiology and cardiac surgery, transplantation, diabetes, hematology, oncology, bone marrow transplant and infectious diseases/immunology are some of the many medical services offered.

## Jackson Rehabilitation Hospital

The hospital provides comprehensive, life-changing rehabilitative care to adults, adolescents and children. It is accredited by the Commission for Accreditation of Rehabilitation Facilities (CARF) and is a designated Center of Excellence. Jackson's Rehabilitation Hospital delivers a full array of services for patients with spinal cord injuries, brain injuries, stroke and other neurological conditions.

## Biscayne Medical Plaza

Home to Jackson's newest addition, Miami International Cardiology Consultants (MICC), which offers a variety of specialized, heart-related medical services using highly sophisticated diagnostic equipment, laboratory testing and multi-modality imaging. Also located here, Biscayne Imaging Center offers state-of-art diagnostic imaging technologies.
